**SSC
PRESIDENT'S
MESSAGE**

YOUR BOARD OF DIRECTORS AND AUCTION COMMITTEE ARE PROUD TO PRESENT THIS EVENING FOR YOUR ENJOYMENT.

Welcome to our 41st Annual Auction Fundraiser. We are here tonight to raise money so we can all continue to enjoy the wildlife and sports that we love. Your presence is a show of your continued support for our efforts in conservation. Thank you.

Without our generous donations, we would not be here. A big thank you to our donors in every category: outfitters, merchandise and all others. Please read our donor list and be sure to support them. A special thank you to Lasher Auto Group, Sportsmen's Warehouse and Paul and Renee Snider for their generous support this year!

In SCI, unlike other organizations, only 30% of our net proceeds go to National. With that 30%, we maintain a staff in Washington DC that fights for our privilege to hunt and fish. That staff is constantly monitoring bills that would affect us, both nationally and by state.

At present, there are 172 chapters world-wide and 150 in the United States. In California, we are the largest chapter in membership. In the past, we have also been one of the largest fundraising chapters for Safari Club International and support in California. With your help we will achieve that goal again.

Membership with national is approximately 49,000 and hopefully after tonight, our chapter will be over 55,000. Affiliate membership with SCI is 2 million. These are numbers that have influence on lawmakers. Every day anti-hunters are coming after us on all fronts, both nationally and in our state. For example, bans against the use of lead and dogs for bear and bobcat, even against fish and game's recommendation. Our latest battle was the delisting of wild pigs as non-game animals. We won that battle. Most important was the SB 1487 (Iconic African Animals) which we managed to get vetoed.

Nationally within SCI, we are involved on 3 committees: Government Affairs, Hunters Action Fund and Finance. Government Affairs is where we see all the bills the Washington office is monitoring; Finance handles the entire budget for SCI and we see where the money is spent.

Additionally, Sacramento (along with the Orange County chapter) is leading the California SCI Coalition. Our goals are to educate the public about the economic and conservation impacts on hunting in our state. National has pledged their help and has fought many of these battles in other states. To date, the Sacramento chapter has donated \$36,000 towards Hunter Advocacy Education and with your help, we can turn the tide in California! We are also on the R3 Committee ("Retain, Recruit and Reactivate" Hunters), a nationwide effort and we are working diligently with other like-minded groups to heighten the benefits of hunting.

The effects of the anti-hunting movement are being felt closer to home more than ever. The potential shift in public sentiment is even starting to impact deer management decisions, as more cities across the country debate the use of hunting as a management tool. Increasingly, emotional propaganda is now being used to eliminate hunting as an option. With the new political environment, it is even more important our voice is being heard.

A special thanks to the SSC board of Directors. What a pleasure to work with all the volunteers who have come forward throughout the year. Thank you, and thanks to the staff here at the Doubletree. You've been great to work with.

Enjoy the evening and happy hunting!

Don Giottonini

WHAT DOES SSC OFFER YOU?

Camaraderie with fellow hunters. We hold several large functions throughout the year including: Annual fundraiser; Membership and Board of Directors Meeting; Awards Banquet and Christmas Party. We sponsor community affairs including, Hunter Safety courses; Interscholastic Clay Target competition; youth pheasant hunt and Annual Leadership School for deserving local teachers.

We keep members abreast of local, state and federal political issues that may affect future hunting and/or rights to own and bear arms. We encourage all our members to participate in the political process regarding these issues.

SSC offers our members the opportunity to participate in activities ranging from occasional attendance at our annual events to participation in all the activities of Safari Club International. The possibilities for participation are only limited by your imagination.

Please join us. The cost is modest and the rewards are as great as you want to make them.

IN MEMORY...

This past year Life SSC and SCI member Paul Snider passed away at the age of 92. For the Sacramento area, Paul was a prominent influence: A well-known businessman, avid hunter, military veteran, Shriner and founder of children charities (just to name a few . . .)

For Sacramento Safari Club, the Sniders have been a major contributor and support to our organization. From numerous donations, opening their home for events, funding the gun board and their political involvement for hunting - both Paul and Renee have been a huge support.

As one of our original founders, Sacramento Safari Club would like to honor Paul and his dedication to keeping the hunting tradition alive.

SSC Official Auction Policy

WE LOVE OUR DONORS!

We know how difficult it can be to find a reputable outfitter so when we receive a donation, we check out testimonials and the 'fine print' to make sure this is an outfitter we want to recommend. In many cases our board members have personally hunted with our donors. Be sure to patronize these donors in the future! Be sure to tell 'em you saw their donation here!

Sacramento Safari Club is dedicated to worldwide and local conservation of wildlife and wild lands, promotion of sport hunting and fishing, and promotion of outdoor education. We also vigorously support projects that educate the public to the invaluable efforts of sportsmen and sportswomen; the true conservationists.

We work very hard to accumulate exciting and worthwhile hunting and fishing trips from reputable outfitters, who have graciously donated to our chapter's efforts. We also offer hunting-related merchandise and other items, trying to provide something for everyone's interest. We hope you appreciate our efforts by bidding.

SSC has made every effort to ensure the quality of donated hunts and trips. However, we cannot guarantee the satisfaction of either the donor or the buyer. Some hunts don't produce due to bad weather or lack of game or for reasons unforeseen. We can only guarantee that the hunt you bought is as it is described and that it was presented to us by a reputable outfitter. Sale of this hunt or trip shall be considered final, as long as all conditions as stated on the Hunt Donor Form are met by the donor. SSC cannot accept responsibility for provisions not donated by the outfitter.

The Auctioneer will not read the full description of each item. Please carefully read the provisions of any hunt that interests you, and do not bid unless you are certain that the hunt fulfills your expectations of that trip.

By making your bid you have accepted ownership of the auction item. You are responsible for payment of the auction item according to the payment terms, this means payment is due in full on the evening of the auction.

When purchasing a hunt or trip, you will be asked to fill out and sign an Auction Buyer Form. A copy of this form will be mailed to the donor. Similarly, you will be given the donor's information. It now becomes your responsibility and that of the donor to contact each other in a reasonable time.

In the rare circumstance that your hunt is not fulfilled as described, please contact Sacramento Safari Club's Hunt Committee. They will try to mediate to everyone's satisfaction.

All merchandise is sold as is and SSC does not offer any warranties of any kind with respect to the state of or the use of the item. We have tried to present quality merchandise for you, making certain of its faultless state. Please be certain of the condition of the item before you bid.

The auctioneer and his staff are responsible for the live auction. Their rules must be followed explicitly. All decisions of the auctioneer will be final. The auctioneer will decide any disputes regarding the bidding during the auction.

And finally, relax and spend some money, have a few drinks, visit with friends, have a great evening and let's all raise a lot of money for wildlife!

LIVE AUCTION

We invite you to bid in tonight's Live Auction! We have a variety of big game and bird hunts as well as fishing trips from some of the most reputable outfitters out there. This is why we're here...help us raise the funds needed to stand by our pledge and mission to promote wildlife conservation and preserve a hunter's way of life.
